Education

Computer Science, Government
Higher Secondary School Ezhur ✍

June 2018 – March 2020
Ezhur, India

Bachelor of Computer
Application (BCA),
University of Calicut ✍

June 2020 – September 2023
Pattarnadakkavu, India

Skills

HTML • CSS • Javascript • C

C++ • React • MongoDB

Express js • Node js • Postman

MVC Architecture • Redux

Redux Toolkit • JWT

Bootstrap • Cloudinary

Stripe

Languages

• English

• Hindi

• Malayalam

• Tamil

Professional Experience

MERN Stack Developer, Bridgeon Solutions ✍

October 2023 – present | Calicut, India

- Developed and maintained web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
- Assisted in the design and implementation of responsive and user-friendly front-end interfaces using HTML, CSS, and JavaScript frameworks such as React.js.
- Participated in backend development tasks utilizing Node.js and Express.js to build scalable and efficient server-side applications.
- Collaborated with senior developers and project managers to troubleshoot issues, implement new features, and optimize existing codebase.
- Contributed to database management tasks, including schema design, query optimization, and data migration using MongoDB.
- Actively engaged in code reviews, testing, and debugging processes to ensure high-quality deliverables.
- Demonstrated a willingness to learn and adapt to new technologies and development methodologies within a professional team environment.

Projects

XPLOR, E Commerce Website ✍

- Developed and launched an ecommerce website named XPLOR specializing in the sale of men's and women's shoes featuring various brands.
- Designed and implemented the frontend interface using HTML, CSS, and JavaScript, ensuring a seamless and user-friendly shopping experience.
- Utilized the MERN (MongoDB, Express.js, React.js, Node.js) stack for backend development, enabling efficient data management and server-side processing.
- Implemented user authentication and authorization features to ensure secure access to user accounts and transactions.
- Integrated payment gateways to facilitate secure and convenient online transactions for customers.
- Implemented search and filtering functionalities to enhance product discovery and user engagement.
- Collaborated with designers and stakeholders to ensure alignment with project requirements and objectives.
- Conducted thorough testing and debugging to ensure the reliability and performance of the website across different devices and browsers.
- Continuously optimized and maintained the website to improve performance, user experience, and search engine visibility.
- Demonstrated strong problem-solving skills and attention to detail throughout the development lifecycle.
